He announced that two loans were made this year: $2,468.50 and $20,000. Loans are zero percent interest. Two grants were made of $5,000 each. They do not have to be paid back. He mentioned that $69,130 is available for churches to use. Jared Jenkins asked for questions. There were none.

Session 2

Bryan Catherman welcomed everyone back from lunch and opened Session 2. He introduced Trey Sapp, who would be discussing a new vision for the UISBC.

Trey opened by discussing why the convention is casting a new vision. The UISBC has completed the 2020 Vision. He said we should celebrate what the convention has accomplished. He then said the new vision considers where we are today and what we still must do. We also don't want to forget where we were and how we have gotten to where we are today, he added. A copy of the vision for UISBC going forward can be requested by contacting the state convention office, Trey mentioned. He discussed one of the main points regarding the vision is that the UISBC is made up of a family of churches. He emphasized that the state staff is not the convention. They cannot do everything. Churches must take the lead with the staff's help.

Jared Jenkins asked if there were questions.

Russ Daines (First Baptist Church, Orofino) asked if the messengers can pray about it and vote later. Trey reminded him that it comes to the convention as a motion and second and will be voted on

because that is the procedure. Russ made a motion to table the Vision vote. Paul Thompson (Eastside Baptist Church, Twin Falls) seconded the motion by Russ Daines.

Bryan Catherman asked for comments in favor or against the motion. Clint Henry spoke. He was on the task force of the Vision before. He said he didn't hear anything new. He spoke against the motion to table.

Paul Thompson said he was speaking in favor of the motion. He asked if the Vision is going to be on the website, would it be different or more than what was seen today. He said he is still in favor of tabling the motion. He asked for more clarification. Trey Sapp explained.

Bryan explained that if it were tabled, it could not be voted on again until next year's meeting.

Janice Kroeger (Berean Baptist, Wendell) asked why the Vision wasn't given to the messengers prior to this meeting. Trey Sapp said it had just been completed and voted on this week. Janice said she believes it is a change from the current Vision.

Bryan Catherman asked for other questions. He called for a vote on the motion to table. The motion did not pass.

He asked for any other questions or discussion about the Vision. Janet Molina (Primera Iglesia Bautista, Burley), she said that she understood how the committee came up with this. She added that the committee is doing what it was tasked to do.

Jared Jenkins said he wanted to make a motion that we accept the new Vision as is but ask the Executive Committee to take feedback and come back with a revised Vision next year.

Bryan Catherman asked for second. Josiah Walker (Redeeming Life Church, Bountiful) asked for comments for or against.

Richard Iddings (Central Valley BC, Meridian) said he was struggling with whether there is an objection to it. He asked if people had a problem with it. Trey Sapp explained that he thought the messengers seemed to think it was rushed.

Hugh Orr (Riverside, Emmett) spoke against Jared Jenkins's motion. He said there is no reason to accept this one and change it next year.

Bryan Catherman asked for other comments or questions.

Steve Ruth (Calvary BC, Weiser) spoke against Jared Jenkin's motion. He commended the previous 2020 Vision. He thinks that the new vision should be passed.

Bryan Catherman asked for any further comment. He asked for a vote of Jared Jenkins's motion. The motion did not pass.

He also asked church planters within the last six years to stand and others who are actively involved in church planting or giving.

Bobby Wood also spoke and encouraged churches regarding the SEND Network. He reminded the messengers that SEND Network Utah-Idaho means we plant churches all over the two states, not just in cities. He said the convention has been doing this and will do it in an even bigger way.

Mike Palmer also said that current partners in other states have said that there are advantages to now being the SEND Network Utah-Idaho.

Bryan Catherman announced Mike and Bobby would be in the lobby to answer questions.

Robbie Tschorn once again led the messengers in worship.

Jared Jenkins preached the **Session 2** message from Psalm 119, asking what is the fruit that comes from delighting in God's Word. He closed with prayer.

May 14, 2022
Matt McGukin called the meeting to order at 9:04 am. Matt McGukin led in scripture, Philippians 2:3-11, emphasizing cooperative work and the role of unity through humility. If we seek to bring glory and honor to God the Father, we can do much more together. Humility is key to cooperation. Jesus makes it possible for us to have humility. Unity through humility is purchased through the cross. Matt then led the board in prayer.

Roll. Lauri Linder called the roll; the following were present: Matt McGukin, Lauri Linder, Jared Jenkins, Dave Carver, Timothy O'Day, Matthew Claridge, Jared Clark, Derek Duvall, Roger Fonvergne, Billy Galloska, Charles Petty, Laurie Pless, Chase Roberts, Daniel Savage, and Joshua Shirey.

Matt Emadi, Roger Naylor, and Connie Ward were absent and had informed the board of their absences in advance. The board approved these absences as excused.

Minutes. The minutes for the Executive Board meeting of September 11, 2021, were presented and reviewed. Billy Galloska moved to approve the minutes as written and Laurie Pless seconded. The minutes were approved as presented.

OFFICER REPORTS
Financial Report. Rob Lee reviewed income and expenses through the end of 2021 and the first quarter of 2022. (see attached report).

2021 ended strong, being the 6th year in a row with Cooperative Program giving ahead of budget, and the fourth highest year for Cooperative Program giving. In total, we gave more than $250,000 to the Cooperative Program For the first time since 2012, we also surpassed the goal for the State Missions Offering (>$96,000).

2022 has started strong, however, we are slightly behind budget for the Cooperative Program. At the same time, Cooperative Program giving is ahead relative to 2021. Inflation and current rising costs are concerning, and we will continue to monitor giving.

Jared Jenkins moved to accept the financial report, and Charles Petty seconded. Motion carried.

Executive Director Report. Rob Lee presented the executive director (U & I Together) report (attached).

Rob expressed thanks to Central Valley Baptist Church in Meridian, Idaho, for hosting the 2021 annual meeting.

Since the 2021 meeting, staff have been working to adjust work to align with the new vision. Church planting remains strong, and several church planters are part of the Executive Board

COVID continues to impact our churches. During late 2021, several pastors and retired pastors died of COVID. The convention was able to provide financial support to their widows.

SEND Utah-Idaho is continuing, and an in-person meeting was recently held in Boise. Mike Palmer is now the State Lead Church Planter in a new contract missionary role with NAMB.

The 2022 SBC convention will be in Anaheim. Currently predicting 10,000 messengers to attend. Pray for God to humble hearts.

We have accredited seminary education in Utah-Idaho through the Salt Lake School of Theology teaching site of Gateway's Rocky Mountain Campus. The second semester has just completed.

COMMITTEE REPORTS

Properties & Loans – Lauri Linder reported for the committee.

From September – May 2022, the committee received one new request for a grant (22-001-PL). Because of the amounts of the loans that were provided earlier this year, we did need to transfer funds from savings to checking. We currently have more than $70,000 available to provide grant and loan support.

Follow up on Action item 21-003-PL. Committee composition – clarifying language to read that, "the recording secretary of the convention shall not serve as chairman of the committee." Because this change in phrasing involved a change to the bylaws, the vote on this action item occurred electronically following the fall meeting. This motion carried.

Action item 22-001-PL. Grant request from First Baptist Church, Centerfield, Utah. Emergency grant in the amount of $5,000 was awarded to support repairs to the roof. Committee members reviewed the request and agreed unanimously to award the request. Because the Properties & Loans committee is empowered to award grants, no additional vote was required.

Action item 22-002-PL. Policy on church property reversions to the state convention. At time, the state convention is requested to take over a local church's property. This may happen for many reasons; however, the UISBC presently does not have a budget line or designated account to handle costs associated with assuming ownership of a church's property or potential legal costs. Additionally, the UISBC does not have a policy to guide steps to be taken in the event of acquiring property that previously has been owned by a local church. The motion from the committee was to develop a policy to guide actions in response to reversion of church property. Motion carried.

Program Committee – Billy Galloska reported for the committee as its newly appointed chair.

Action item 22-001-PC. Evaluation of Ski & Share and Sonfest in response to 19-002-PC which established a process to allocate additional funds to strengthen these two programs and then reevaluate the outcome.

The committee recommended expanding Sonfest beginning in 2022 as the primary youth event for the year. This event will be reevaluated after 2022 and a refocus team will be appointed for the 2023 event. A friendly amendment to this motion empowered the program committee to

appoint the refocus team. The committee also recommended adjusting Ski & Share from a single event to regionally sponsored events.
Motion carried.

Budget and Finance Committee – Daniel Savage reported for the committee.

Action item 22-001-BF. Financial review. Our current policy indicates that we are due to have a financial compilation (midlevel review) of 2021 finances conducted. The committee affirmed having Pulliam and Associates complete the financial compilation. Motion carried.

Action item 22-002-BF. Cooperative program percentage for 2022. The committee recommended to maintain Cooperative Program giving at 30% for the 2023 budget. Motion carried.

Action item 22-003-BF. Adding a line item for funding for the pastor's conference into the 2023 budget. The committee recommended to include a budget line item of $2,000 to support speaker travel for the Pastor's Conference in the 2023 budget. Motion carried.

Action item 22-004-BF. Budget consolidation to align with the new vision and mission of UISBC. Recommendation for the committee to review 2022 budget with staff to see what accounts can be retitled and/or consolidated to align with new vision and mission as the 2023 budget is developed. Motion carried.

Administrative Committee – Matt McGukin reported for the committee.

Action item 22-001-AC. Evaluation of the new 2021 UISBC vision. The Executive Board was challenged in the new vision to work with staff to assist in facilitating relationships between churches, to encourage, to resource and support staff accountability, and to develop a culture of celebrating faithfulness of churches, pastors, and staff. Motion carried with recommendations set forth in Action item 22-002-AC.

Action item 22-002-AC. Commitment of UISBC Executive Board to contact pastors of each UISBC church twice per year (prior to the Spring and Fall Executive Board meetings). Pastors of UISBC churches will be divided equally among Executive Board members.
The call before the Spring meeting will be a care contact with no specific questions. The call before the Fall meeting will include asking the following proposed questions:

- How can I pray for you?
- What is God doing in your church right now?
- What is the biggest need in your church currently?
- What is a way the UISBC can help or assist your church?
- What resources or strengths does your church have that can benefit another UISBC church?
- How is your church currently engaging your community with the gospel?
- How is your church currently assisting, partnering, or helping another church?
- How is your church currently involved with church planting? (e.g., praying, supporting, sending, etc.)

Contacts will also support updating information such as:

- How long have you served in your local church?

- Has any contact information changed for you or your church – e.g., website, email, phone numbers?

The Executive Board chair along with the Administrative Committee will develop Pastor interview forms that will be sent to the Executive Board members by July 1, 2022.
The UISBC state staff will divide the pastor list among Executive Board members, and the contact list will be distributed by July 1, 2022.
Motion carried.

EXECUTIVE BOARD MINUTES
August 27, 2022

The Executive Board of the Utah-Idaho Southern Baptist Convention met via hybrid in-person and Zoom-based format on August 27, 2022.

August 27, 2022
Matt McGukin called the meeting to order at 9:00 am. Jared Jenkins led in scripture, Habakkuk 1:1-5, giving attention to how God's covenant people were the ones doing wrong. The question then is how are we to live in these times. In contrast to the violence we see in the world, the righteous are to live by faith. God will accomplish His purposes to make His name great (Hab. 2:14). God will judge (Hebrews 10:30) and His righteous ones are to live by faith. Jared then led the Board in prayer.

Roll. Lauri Linder called the roll; the following were present: Matt McGukin, Lauri Linder, Billy Galloska, Daniel Savage, Jared Jenkins, Roger Naylor, Dave Carver, Timothy O'Day, Matthew Claridge, Laurie Pless, Charles Petty, Connie Ward, and Roger Fonvergne.

Matthew Emadi, Joshua Shirey, and Derek Duvall were absent and had informed the board of their absences in advance. The board approved these absences as excused.

Other absent members: Corey Hodges, Chase Roberts

Minutes. The minutes for the Executive Board meeting of May 14, 2022, were presented. Two minor corrections were noted. Matthew Claridge moved to approve the minutes as corrected and Charles Petty seconded. The minutes were approved as presented.

OFFICER REPORTS
Financial Report. Rob Lee reviewed income and expenses through June 2022. (see attached report).

Current economic challenges facing churches align with current national issues and include inflation, fuel costs, and housing. Current controversies affecting the Southern Baptist Convention may also be contributing; however, the extent of this impact is not fully clear.

Remind churches that 70% of Cooperative Program giving stays in Utah/Idaho.

We are currently 9% below budget through the first half of 2022. This is the first time we have been below budget in 5 years. Three of the first 8 months; however, we have met budget. Grants from the North American Mission Board related to evangelism efforts have been helpful to support local events, including SonFest.

Roger Naylor moved to accept the financial report, and Jared Jenkins seconded. Motion carried.

Executive Director Report. Rob Lee presented the executive director (U & I Together) report (attached).

Rob expressed thanks to Gary McKean for 15 years of faithful service to the UISBC.

We continue to adjust to the new vision with churches being central and working to support churches supporting one another. It has been encouraging to learn of Vacation Bible Schools resuming as well as baptisms.

Currently we are transitioning to an emphasis on how to minister as the COVID-19 pandemic continues into new phases. We are also feeling the consequence of challenges in the UISBC, including issues related to the Guidepost report addressing sexual abuse issues.

The United States Department of Justice has requested the list of pastors involved in sexual abuses as well as the unredacted Guidepost report. Rob read statements given to state executive directors to share when asked. These are as follows:

> **For Local Associations, Pastors, and Church Members**
> I understand and appreciate all of the expressed concern about the investigation into the Southern Baptist Convention.
> Based on all the information I have, insight into how the SBC entity heads are approaching the legal issues, and our shared respect for the rule of law, the choice to fully cooperate with the investigation is the right path. Because it is active and ongoing, I cannot comment on or discuss any of the details at this time.
>
> **For Media Inquiries**
> I am aware of the investigation. Because it is active and ongoing, I cannot comment on or discuss any of the details at this time.

Questions have arisen related to Cooperative Program giving and whether it would be used for legal fees. There is some current concern that churches may elect to withhold Cooperative Program giving related to how it might be used. Right now, only 2.9% of Cooperative Program giving goes to the SBC Executive Committee.

Rob reported on the Southern Baptist Convention Annual Meeting in Anaheim, California. We had 64 messengers from UISBC in Anaheim – the most since 1998 when Salt Lake City hosted the meeting.

Rob is fielding an increasing number of questions related to SBC, including being perceived as "going liberal." Rob reminded Executive Board members that we need to read beyond headlines as given reports are posted, and that we also need to read a balance of materials related to current issues. There has also been some dialogue on how the Baptist Faith & Message is to be used in relation to disfellowshipping a given church; however, that practice, in and of itself, would be contrary to the Baptist Faith & Message.

As we hear of concerns within the SBC and UISBC, encourage churches to get involved.

Good news is that 5 churches (possibly up to 9) are joining the convention.

Rob challenged the board to continue to pray for churches.

COMMITTEE REPORTS
Properties & Loans – Lauri Linder reported for the committee.

From May - August 2022, the committee received two requests for support from the Trust and Memorial Fund. One request was for a grant and a loan. The requesting church ultimately received funding from another source, and this request was withdrawn.

Action item 22-004-PL. Loan request from Salmon Valley Baptist church in the amount of $15,000. The request was supported by the Properties & Loan Committee. Per policy, the request was then sent to the Executive Board for a vote and was approved.

Action item 22-005-PL. Follow up on Action item 22-002-PL from the Spring meeting. Our Convention Attorney has drafted three documents for church building and property acquisitions. These include: real property transaction guidelines, a real property transactions policy, and a designated gift of real property policy. The documents also include examples of environmental considerations. Documents have been reviewed by committee chair, the Properties & Loans committee, chair of Executive Board, and Executive Director. Action item approved.

Action item 22-006-PL. Review of grants and loans issued from the Trust & Memorial Fund. To ensure the long-term viability and sustainability of the Trust & Memorial Fund to support our UISBC churches, the Properties & Loans Committee recommends a review of the grants and loans that have been provided through the past 10 years with attention to the outcomes of these grants and loans, e.g., was the proposed work completed, is the church still in operation, did the church require additional funds to support the proposed work? The committee also recommends that these data be used to guide a review/update of policies related to the provision of grants and loans. Action item approved.

We do not have a committee member who is eligible to be appointed as chair at this time. We will seek to assemble the newly identified committee at the annual meeting in October. State staff will work with the committee to respond to any requests for grants or loans that may occur prior to May.

Program Committee – Billy Galloska reported for the committee.

Report on SonFest

Action item 22-002-PC. Review of Sonfest. Recommend changing the schedule of Sonfest to a Thursday through Saturday event, adding a breakout series where youth can take multiple breakout sessions and allow the leadership to relocate to new venue options based on need. The 2023 event will occur August 3-5, 2023. Action item approved.

Action item 22-003-PC. Concern about turnover of volunteer positions within the committee. Recommend that UISBC staff work on succession plan for UISBC Network consultants. Action item approved.

The chair of the Program committee for the coming year remains to be named.

Budget and Finance Committee – Daniel Savage reported for the committee.

Action item 22-005-BF. 2021 Cooperative program budget overage use. In developing the 2021 budget we dealt with the loss of Lifeway and NAMB funding plus the potential impact of COVID. Thus, we did not plan for the distribution of excess of the Cooperative Program budget. We typically take our overage and divide it, distributing some to the Cooperative Program nationally

and applying the remainder to the Pastor-Wives Retreat; however, this did not happen during the past budget year.

The Business Director and Executive Director discussed options of proceeding with the usual plan or replenishing the Trust and Memorial Fund for church grants and loans. Over the past few years, the fund balance has drastically decreased due to emergency grants. We currently have two loans with a third just approved. If one of churches with an existing loan had not made a significant payment above their monthly payment; we would have had to move Trust and Memorial funds out of Savings into its checking account to send the approved loan. We believe the need to replenish the account a greater need. The overage from last year is $49,088.80. This would lengthen the Trust and Memorial Account through the current decade. Action item approved.

Action item 22-006-BF. 2023 Budget. In May the Budget and Finance Committee addressed preliminary work related to the Cooperative Program. The Business Services Director reviews past year's spending and communications from GuideStone to finalize potential 2023 budget. Staff recommends the adoption of the proposed budget for 2023 with the recommendation that any Cooperative Program overage be distributed equally between the national Cooperative Program and the UISBC Pastor-Wives Retreats. The committee also recommends approval of the proposed budget for 2023 that reflects keeping the same percentage of Cooperative Program to the SBC at 30% with consideration of COLA increases. With the approval of Action item 22-008-BF, allowing the use of designated funds to support the budget, the Cooperative Program budget was decreased. Action item approved.

Action item 22-007-BF. Compilation of 2021 finances by Pulliam and Associates. Follow up of Action item 22-001-BF. Pulliam and Associates completed the compilation as proposed. Recommendation is to approve the financial compilation as reported. Action item approved.

Action item 22-008-BF. Combination of funds within designated accounts within the budget. Goal is to be able to use these funds to strengthen evangelism and church strengthening efforts. State Missions Offering Designated line items are funds that can be redesignated and for the past few years haven't been used. Action item is to combine 008090 and 008092 into one line-item titled Evangelism. Also 008022 and 008870 will be combined into one fund titled Strengthening Churches. Line item 008479 will be renamed the Schuler Strengthening Churches Fund. Line item 008085 will be renamed as the UISBC Annual Meeting Pastor's Scholarship Fund. Action item approved.

Chase Roberts will chair the Budget and Finance committee for the coming year.

Administrative Committee – Matt McGukin reported for the committee.

Action item 22-004-AC. Housing allowances. Housing allowances for 2023 are as follows:
Jason McNair $19,200
Rob Lee $26,000
Action item approved.

Action item 22-005-AC. Vision 2020 line item changed to Pastor Scholarship fund 008085 to assist pastors to attend annual UISBC meeting. Recommendation to come from a UISBC executive board member or state staff member. Scholarships are up to $500 and will be reimbursed after receipts have been submitted. Action item approved.

UTAH-IDAHO SOUTHERN BAPTIST CONVENTION

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2021

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities
The Utah-Idaho Southern Baptist Convention (the Convention) is a religious organization that provides support to Southern Baptist churches in the states of Utah and Idaho. The Convention promotes the Cooperative Program, a joint enterprise of state conventions and the Southern Baptist Convention through which the churches carry out their worldwide denominational missions and programs.

Convention activities include the following programs:

Administrative – Administrative expenses include the annual meeting, executive board, Convention operations, business/office expenses, church protection plan, personnel costs, insurance, and utilities costs in order to operate as a state convention.

Cooperative Program – This primary funding source has supported Convention ministries of sharing Christ, starting and strengthening churches, Southern Baptist missions nationally and internationally, and seminary education, since 1925.

Evangelism – One of our state Convention's priorities is to share the love for Christ with those who live, work and visit our two-state region. These funds help us train church members in sharing the gospel, churches with outreach events, disaster relief, and women's ministries.

Church Planting – One of our state Convention's priorities is to start churches across our two-state region which join us in sharing the love of Christ. These funds help church plants starting with resources, equipping and ministerial support.

Religious Education – One of our state Convention's priorities is to strengthen existing churches. These funds provide resources, equipping conferences, and support to strengthen church ministries and multiply disciples.

Special Ministries – State missions offering supports collegiate ministries, conferences, and equipping strategies to assist church plants with sharing Christ (Evangelism), start churches (Church Planting), and strengthen church ministries (Religious Education). These offering funds support Convention programming not covered by other revenue sources.

Basis of Presentation
The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America.

Use of Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of revenues and expenses during the reporting period and the reported amounts of assets and liabilities at the date of the financial statements. On an ongoing basis, management evaluates the estimates and assumptions based upon historical experience and various other factors and circumstances. Management believes that the estimates and assumptions are reasonable in the circumstances; however, the actual results could differ from those estimates.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents
The Convention considers its cash and cash equivalents to include cash held with financial institutions, money market accounts, and all short-term investments with an original maturity date of three months or less as of the date of purchase.

Investments
In accordance with FASB ASC 820, *Fair Value Measurement and Disclosures*, investments in marketable securities with readily determinable fair values are reported at their fair value in the statement of financial position.

Certificates of deposit held to maturity, with original maturities greater than three months, are recorded as investments at cost plus accrued interest.

Fixed Assets
Acquisitions of property and equipment of approximately $1,000 are capitalized and recorded at cost or, if donated, at the approximate fair value at the date of donation. Depreciation expense is computed principally on the straight-line method in amounts sufficient to write off the cost of depreciable assets over their estimated useful lives.

Normal maintenance and repair items are charged to expenditures as incurred. The cost and accumulated depreciation of property and equipment sold or otherwise retired are removed from the accounts and gain or loss on disposition is reflected in net revenue in the period of disposition.

Agency Payables
Agency transactions are those in which the Convention is acting as an agent, trustee or intermediary for a resource provider. In order to determine whether an agency transaction exists, it is necessary to assess the extent of discretion the non-profit organization has over the use of the assets that are received. If it has little or no discretion, the transaction is an agency transaction.

Net Assets
The financial statements report net assets and changes in net assets in two classes that are based upon the existence or absence of restrictions on use that are placed by its donors, as follows:

Net Assets Without Donor Restrictions – Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the Convention, the environment in which it operates, the purposes specified in it corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Assets With Donor Restrictions – Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the Convention must continue to use the resources in accordance with the donor's instructions. The organization's unspent contributions are included in this class if the donor limited their use.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

Classification of Transactions
All revenues and net gains are reported as increases in net assets without donor restrictions in the statement of activities unless the donor specified the use of the related resources for a particular purpose or in a future period. All expenses and net losses are reported as decreases in net assets without donor restrictions.

Accounting for Contributions
Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Donated Materials and Services
Volunteers contribute their time to program services, administration, and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. Contributed professional services are recorded at the respective fair values of the services received. No significant contributions of such goods or services were received during the year ended December 31, 2021.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expense Recognition and Allocation
The cost of providing the Convention programs and other activities is summarized on a functional basis in the statement of activities and statement of functional expenses. Expenses that can be identified with a specific program or support service are charged directly to that program or support service. Costs common to multiple functions have been allocated among the various functions benefited using a reasonable allocation method that is consistently applied. Certain employee benefits and insurance are allocated based on salaries of program staff. General and administrative expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the convention.

Tax Status
The Convention is a religious organization exempt from federal income taxation under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. No income tax return is required to be filed.

Date of Management's Review
Subsequent events have been evaluated through July 28, 2022, which is the date the financial statements were available to be issued.

Note 2. TRUST AND MEMORIAL ACCOUNT

The Convention has set aside funds in a "Trust and Memorial" account for the purpose of making loans to its affiliate churches. The Convention had outstanding loans receivable of $18,267 as of December 31, 2021. The balance in the "Trust and Memorial" account included cash equivalents totaling $72,154. These funds can also be used by the Convention for related property acquisition and maintenance costs. The Convention did not utilize any of these funds during the year ended December 31, 2021.

Note 5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority and use a combination of complex market prices, mathematical models and subjective assumptions. Fair values for investments are determined by reference to observable data such as contractual terms and other relevant information generated by market transactions.

The fair values of assets measured on a recurring basis are as follows as of December 31, 2021:

	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total

Note 9. RETIREMENT PLANS

The Convention participates in a retirement plan sponsored and administered by the GuideStone Financial Resources (formerly, the Annuity Board of the Southern Baptist Convention), an affiliated organization. All employees may elect to make discretionary contributions to the plan. Employees who work at least 1,000 hours per year and have worked for Southern Baptist organizations for at least 2 years are eligible for employer contributions. The Convention contributes 10% of eligible clerical employees' salaries and 12% of eligible professional employees' salaries to the plan.

The Convention also supports eligible member churches and their ministers by making a matching contribution to the retirement plan. Ministers who work at least 1,000 hours per year and have worked for Southern Baptist organizations for at least 3 years are eligible for matching contributions. The Convention makes an annual discretionary contribution to each minister's retirement account and/or to the member church on behalf of the minister, plus an additional amount per month for a protection plan which includes disability and a life insurance component.

During the year ended December 31, 2021, the Convention contributed $46,958 to the retirement plan and protection plan on behalf of employees and ministers of member churches.

Note 10. COMMITMENTS

Operating Leases

The Convention has a 5-year copier lease that was entered into June 2020. It expires May 2026. This lease requires monthly payments of $504. Lease payments were $6,048 for the year ended December 31, 2021.

2026	2,520
Thereafter	-
Total	$ 30,918

Equipment lease payments are included in supplies and equipment in the statement of functional expenses.

Note 11. CONCENTRATION OF CREDIT RISK

The Convention maintains its cash deposits in various commercial banks. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000. At times, such deposits may exceeds FDIC insured limits. The balance of uninsured deposits was $561,757 as of December 31, 2021.

Note 12. SUBSEQUENT EVENTS

The outbreak of the COVID-19 pandemic and the measures adopted by governments in countries worldwide to mitigate the pandemic's spread significantly impacted the Convention. These measures required the Convention and affiliated Utah and Idaho Baptist churches to curtail their programming for much of 2020. This resulted in significantly less giving by affiliate churches and local associations. During 2021 and as of the date of these financial statements, the Convention remains operational and has returned to pre-pandemic programming levels and its affiliate churches and local associations have returned to normalcy, as the Utah and Idaho economies reopened and employment increased for residents and church members alike.

STATE MISSIONARY CONTRACT and VOLUNTEER 2022 REPORTS

Executive Director/Treasurer
Rob Lee
October 2021 – September 2022

Staff

Jason McNair continues to assist churches with VBS, groups, technology, and Church Revitalization. Gary McKean has been assisting our churches for fifteen years with their legal questions and our partnership with Northwest Region of the Georgia Baptist Mission Board. Janice Trotter, part-time Business Services Director; Russ Hohmann, contract State Disaster Relief Director; Mary McFarling, Coordinator of the Women's Missions and Ministries Network; Ben Neiser, Coordinator of the Collegiate Ministry Network. Debbie Chidester and Sally Teny have ensured that office work continues efficiently.

Vision

Our new strategy is our focus on our churches, missions, and plants leading out in our vision approved by messengers at our annual meeting in October 2021: Churches Sharing Christ, Churches Starting Churches, and Churches Strengthening Churches under the Lordship of Christ. Our staff is adjusting to the role of curating the strengths of our churches and networking them with other churches in need in those areas. Each church has strengths to offer other churches. Our pastors and churches are faithful gospel ministers across our region. Our Executive Board is assisting our small staff to connect our churches and pastors with each other. Our goal is for all our churches to know they are appreciated and have much to offer other churches in fulfilling the Great Commission across our two-state region.

SEND Utah-Idaho and Church Planter Catalyst

Our Church Plant Network, Send Utah-Idaho, held a SEND gathering in Meridian this spring evaluating church plant needs and locations. Mike Palmer and Bobby Wood lead Send Utah-Idaho in Church Planting work. This means all our assessed church planters have access to NAMB resources regardless of region. Michael Cooper works across Utah with Bobby Wood SEND Salt Lake Missionary in northern Utah. Richard Dugger covers all of Idaho and our own State Missions Offering Funded Church Based Church Planter Catalyst for Western Idaho is Clint Henry of Central Valley Baptist Church. Our Catalysts are continually working with future planters and partners to resource our church plants.

Partnership

COVID put a pause on early development of our partnership with Georgia Baptist's Northwest Region. This past fall we hosted our first Vision tour from Northwest Georgia. The thrust of the partnership is to link churches to churches. After his retirement and relocation to Northern Georgia, Pastor Mike McCoy is assisting us in recruiting mission partners and promoting the Utah-Idaho Southern Baptist Convention in the Northwest region of Georgia. An association in Northern Florida approached us to partner and that has led to a Vision tour in Idaho that looks promising for a church plant focused on reaching the Basque people in Western Idaho, a church planter is now in Boise.

National Meetings

Director attended the Executive Director Fellowship meeting, Western Executive Director meeting with Gateway Seminary, Western State Evangelism Directors meeting and State Directors of Evangelism national meeting. Director participated in many National leaders Zoom update meetings throughout the year.

Budget

We ended the 2021 year above budget for the sixth straight year by $49,088 (+6.45%). This year's giving to the Cooperative Program (CP) for the first half of the year is $362,855.75, below budget of $400,058 by 9.17%. This year is being impacted by the rate of inflation, cost of fuel, and national SBC issues. Another significant note, the 2021 State Missions Offering surpassed the goal with $96,329 giving. The first half of this year, the SMO is just below last year's amount given with $ 34,217.36.

Other Assignments

The Director continues working on his Doctor of Ministry in Executive Leadership at Gateway Seminary finishing his leveling class work and has started working on his prospectus. The Director is part of the leadership that started Oquirrh Mountain Country Church that meets Sunday evenings in Herriman. The Director continues participating in online worship services on Sundays to attend churches across our region economically when not attending in person.

State Convention Missions Needs

With the reduction of NAMB missionaries who serve in State Missionary roles it is impossible to provide all the support to our churches as we have in the past. Our biggest need continues to be for volunteers to assist us in areas such as filling pulpits as Transitional Pastors and Church Revitalization, State Missions Offering promotion development, collecting stories from our churches to share, calling churches for ACP reports and other Churches Sharing Christ, Churches Starting Churches, and Church Strengthening Churches priority needs.

State Missionary for Strengthening Churches
Jason McNair
Fall 2022

Surrendered to Jesus Christ, the **UISBC Staff Members** are challenged to:

1. **Facilitate strategic relationships** between churches for the purposes of serving one another so that every church is connected to strengthen another church.
2. **Set yearly goals** that are obedient, clear, and measurable to meet the challenge of this vision.

Following the UISBC Executive Board Meeting in May 2022, your UISBC staff set out to focus their strategy around fulfilling their new vision and goals. In consultation with trained network leaders from across the state, we began to strategize what our training models will look like under this new vision and how we need to adapt our old method of hosting singular training events into a process where we seek to assist churches in helping one another train volunteers and leaders for the various areas of ministry within the local churches. The decentralization process is a long one, and it will take time to adjust to not hosting single events where we invite folks from across the state to attend large scale training events (the old model), to creating a network of trained leaders across the state to assist churches in their respective regions and affinity groups in equipping one another and being resourced by the state convention, rather than the state convention being the conduit for those events (the new model). So far, the networks are responding positively to the new direction, even if it means a slow start to gain momentum in making a long-term impact on the churches they connect with. It is our hope that this new strategy will be more in alignment with the new vision and help us maximize the great leaders we already have across our Utah-Idaho SBC affiliated churches.

In June, we were well represented at the SBC annual meeting in Anaheim. While there, we had the opportunity to connect with potential partners and gain valuable training resources through our national agencies and affiliates. Prior to the SBC, the National Church Revitalization network met at Chinese Baptist Church of Orange County for two days of training, discussion, visioning, and hearing from experts in the area of church revitalization from the state convention revitalization staff from across the country. Drs. Mark Clifton and Jeff Iorg shared what NAMB and Gateway Seminary are doing in the area of replanting and revitalization, as well as, equipping future leaders in that ministry. We were able to share a couple of our success stories; the merger of Good Shepherd Fellowship with Redeeming Life Church and the new revitalization ministry started by Mike Pless representing UISBC's Church Revitalization team. Kentucky Baptists were able to provide free resources we will use in UISBC to train future leaders.

In July, partners from Floyd County Baptist Association in Northwest Georgia sent a team of pastors and their Director of Missions, as well as several student missionaries from Shorter College, to meet with, encourage, resource, and serve churches in Northern Utah/Western Wyoming (Golden Spike Network). This is a month after teams were sent from the same region

in Georgia to Eastern Utah (Gideon Association) to provide VBS support and facilitating an apologetics event in Moab.

UISBC helped fund ministries in local churches where they hosted several sports camps, Vacation Bible School ministries, outdoorsman ministry events, festival day events, and many other intentionally evangelistic activities across Idaho and Utah. These funds were provided by State Missions Offering dollars in partnership with NAMB (when the evangelism promotional criteria were met). We hope to see great fruit from these outreach endeavors and will seek to train and follow-up these events with support for churches when they seek to assimilate new members into their respective ministries through these events.

In August, we hosted our Sonfest Evangelistic event at Ogden Eccles Conference Center. Nearly 250 leaders, students, and ministry staff were present to encourage and clearly present the gospel through solid Bible teaching by Runks Runkles, and God honoring worship facilitated by Adam Richardson and the Sons of Asaph worship team at Redemption Hill Church in Saratoga Springs, UT. At the time of this report, we have not gotten the final numbers of students who made professions of faith, recommitments, or responses to calls to ministry.

It is a joy to continue to serve the churches of UISBC. Our role is growing with the ever-increasing challenges of culture impacting how we do ministry across our two states. Thankfully, our new vision is designed to overcome these cultural challenges. We look forward to putting this convention approved vision into practice and help facilitate connections that will meet these challenges in making disciples in our unique contexts. The harvest is plentiful, but the laborers are few. Pray to the Lord of the harvest that He may send laborers into HIS harvest field.

Collegiate Ministries Report

Fall 2022

What was accomplished?

Things slow down in some ways in the summertime. A lot of time of preparation for the fall semester happens as most of our regular students head home for the summer. But regular gatherings for discipleship turn into regular gatherings of evangelism and training of short-term teams. Our collegiate ministry practitioners, all over our convention, host teams in the summer. These teams predominantly work in the area of evangelism. These teams also serve to strengthen the local church efforts to reach their towns.

Evangelism and GenSend Summer

A large portion of the summer work done in reaching the campus is through the NAMB GenSend Summer program. This year we had 28 students from all over the country come and spend eight weeks with us. They served in five different locations in Utah. All of those locations in college towns. Students were trained in evangelism and living life as missionaries. On average each student shared the gospel once a day while here. That means that the gospel was shared over 1500 times this summer by these students.

What is next?

Ben has formed more formal partnerships with Texas BSM, Alabama BCM, and South Carolina BCM to provide a pipeline of recent college grads to come live life on mission in Utah and Idaho. More specifically we desire for these partnerships to send long-term missionaries to serve in collegiate ministry in partnership with local churches in college towns. These partnerships have produced two semester missionaries that will come to work with Ben in Provo on the campuses of Utah Valley University and BYU. These semester missionaries are Colton Raymond and Ben Keesee.

How do those actions tie in to the UISBC mission and vision?

- **Sharing Christ**
  We are focusing on continued faithful evangelism in our collegiate ministries through short-term mission teams, evangelism training, and holding our student leaders accountable while creating a culture of evangelism.
- **Starting Churches**
  The NAMB GenSend program is designed for students to get real world experience in church planting and evangelism in the UISBC context. The front-line work that is done through GenSend is used in future church planting efforts.
- **Strengthening Ministries**
  A number of our collegiate ministry practitioners host short-term teams in the summer in connection with local churches. We leverage our collegiate ministry connections in other states to serve the local church in Utah and Idaho.

- **How can we (Program Committee/Executive Board) help?**
  Prayer for the campuses and campus ministry practitioners in our convention.
  Contact me if you have an interested candidate for collegiate ministry in our convention.
  Encourage local churches to adopt college campuses near them for prayer.

Our Cooperative Program receipts January through June 2022 were $362,886, which is 91% of budget. Praise God for the commitment of our churches to giving to missions. We continue to be in good financial shape and able to continue doing the ministry God has for us in Utah and Idaho.

Below is a chart showing how the mission giving has been distributed at home and across the world. It is helpful to get a feel for the impact our giving is having. It is a such a blessing how the smallest church can have global impact. Praise God for the Cooperative Program!

It is a privilege to have a small part in partnering with the convention's ministries of Strengthening Churches, Sharing Christ, and Starting Churches; by sending the money out and keeping track of the funds available for these efforts. I am available to any of our churches and church plants to help with information and help with church financial issues.

Church-to Church Partnerships

We continue with our efforts to encourage and enable church-to-church partnerships. Notably, more pastor vision visits have taken place and more church-to-church connections made. Several Georgia churches have sent mission teams to churches in both Idaho and Utah. More churches are experiencing the rewards of church-to-church partnerships. Our goal remains for these and the partnerships to be seen as long-term relationships - partnerships. This summer, mission teams have come to UISBC churches from Texas, Arkansas, South Carolina, Georgia, Mississippi, and others. That is, of course, good news but partnership is more than hosting a mission team. Partnership is about relationship and the mission. Through these partnerships we can truly be ***fellow workers*** as Paul said in 1 Cor. "*For we are God's fellow workers…."*

It is encouraging to see churches working together – being fellow workers in the harvest. There is more to be done as we seek to fulfill the UISBC Vision

> *Surrendered to Jesus Christ, the* ***UISBC Staff Members*** *are challenged to:*
> ***Facilitate strategic relationships*** *between churches for the purposes of serving one another so that every church is connected to strengthen another church.*

We ask that the churches and associations of the UISBC share with us what church-to-church partnerships they are engaged in and their stories about the partnerships:

- What are those partnering churches doing here with our churches; and
- What are our churches doing as partners with those partners in their areas?

In other words, we need to emphasize what we are doing together as fellow workers.

Missions

As noted, there are mission teams serving in Utah and Idaho this year. We all would really like to know about these teams and the experiences of our churches with them. Many of the teams assist with VBS, sports camps, outreach, and more…and good things happen.

Similarly, many of our churches are involved with missions and mission projects locally, nationally, and internationally. We want those churches to share with us what they are doing. And if there is any way we can be of assistance to them. For example, the UIBSC has some designated funds that can be used to help churches ***go*** on mission.

Our perspective is that the UISBC ought to be more active in supporting and encouraging our churches to go on mission. Perhaps consideration can be given to such things as:

- Recruiting someone to join the staff as a volunteer for missions, e.g. promoting, encouraging, and assisting churches and individuals in missions work;

- Organizing and sponsoring a UISBC mission team for annual projects or mission service, which could be within Utah and Idaho, elsewhere in the US, or international;

- Encourage churches and individuals in the UISBC to participate in and support relief efforts such as Send Relief with Ukrainian refugees and Christians within the Ukraine or Disaster Relief.

Legal Ministry

Some of the legal matters in which I frequently assist churches and will assist them upon request churches include:

- Each church should take the time to review its governing documents (articles of incorporation, constitution/statement of beliefs, bylaws, and policies).

- Following the Board Meeting, I drafted and submitted policies regarding real property. Hopefully, those policies will be approved.

- Churches should be made aware of legal trends, developments, and concerns as these may impact the church's ministry.

- Many church plants have not formally affiliated with the UISBC. We need to ascertain their reason for non-affiliation and address those reasons. Non-affiliated churches may not be aware that they do not come under the UISBC Group Exemption as a 501(c) (3) organization.

- There have been some church closures and dissolution. They need to be aware that the trustees have a legal responsibility to lawfully dissolve the church entity and properly dispose of any assets.

Currently, I plan to arrange legal seminars, whether in person or by webinars, to:

- review legal matters and developments to our churches.
- review and update UISBC policies.
- consult with churches to review their governing documents.

Women's Missions and Ministries Report
Mary McFarling, Women's Network Leader

A network, as defined by the American Heritage Dictionary, is an extended group of people with similar interests or concerns who interact and remain in informal contact for mutual assistance or support.

The UISBC Women's Network exists to encourage and strengthen women as they grow in their relationship with God and serve Him. Great distances separate us, we live in cities and small communities. We serve in large churches and small. We are diverse. While we are never all together, we gather at times in groups across our two states.

Partnering with associations has been an effective way for the leadership team to touch as many women as possible. This year I have helped with the Treasure Valley Association's spring women's retreat by leading breakout sessions.

October14th & 15th the UI Women's Network partnered with a leadership team from churches in the Color Country Association to provide a retreat hosted by Mountain View Baptist Fellowship in Milford, Utah. With the theme "Shine" and theme verse from Philippines 2:15-16, "Then you will shine among them like stars in the sky as you hold firmly to the Word of Life." Michelle Craddock from Georgia led women in a study of "Women of the Word."

"Hope in Christ" was the theme of the Women's Conference on October 27th. Janis Jelke shared her journey to finding hope as she left the LDS church and found the truth of God's love. Breakout sessions led by women from throughout the UISBC provided help for women to find hope, live with hope in difficult situations, share hope through biblical encouragement and making disciples, and sharing hope across the world.

Through social media groups for all UISBC women and for ministry wives we share information, inspiration, encouragement, and prayers as we seek to encourage women to be in community, developing a closer walk with the Lord, praying, sharing the gospel, and being involved in missions at home and around the world. These groups allow us to share posts from our SBC entities and other inspirational sources as well as to share needs and pray for each other.

The network extends to SBC entities as we connect UISBC women with the resources provided by our partners at Lifeway and Woman's Missionary Union. Information is passed on through our groups where women are encouraged to read uplifting posts, participate in online training, and attend SBC events.

In June, I attended the WMU Missions Celebration and SBC annual meeting along with Sonia and Rafael Gutierrez and Sonya Usher, where we toured ministry sites in Anaheim and surrounding communities and discovered innovative ways leaders are sharing the gospel as they meet the unique needs of the ethnic and economic diversity of the area.

The increasing availability of online events and training is a valuable resource. Angie Webster, Sonia Gutierrez, the Hispanic WMU team, and I participated in the online WMU board meeting and training conferences in January.

Woman's Missionary Union (WMU) promotes missions discipleship and encourages the support of SBC missionaries through missions organizations, educating adults, students, and children in what God, through missionaries, is doing around the world and encouraging individual involvement in missions ministries. Angie Webster served in 2022 as our Utah-Idaho WMU President and Vice President on the national WMU Executive Board. Sonia Gutierrez serves on the National Hispanic WMU Leadership Team and leads a team of local volunteers.

In April, individual women and church groups across UISBC were able to participate with Georgia women in their annual Spring Event featuring Lisa Harper. We are grateful for Beth Ann Williams, Women's Lead Strategist with the Georgia Baptist Mission Board, for making the simulcast of this event available for Utah-Idaho Women.

Both Lifeway and Woman's Missionary Union offer excellent online opportunities. Many of the Lifeway women's events are now available to view online or to host as simulcast events in churches. In addition, training geared especially for leaders is available through a free monthly webinar at https://women.lifeway.com/you-lead-webinar-series/. Lifeway Women trainers share their wisdom on a variety of topics such as how to start a Bible study, mentoring, ministering to women in crisis, and much more.

Woman's Missionary Union offers three courses each month through the Christian Women's Leadership Network. These low-cost courses include such topics as: Biblical and Theological Foundations of Leadership, Leading with Integrity, Followship Skills, and Essential Leadership skills for women. These courses are excellent for women leading in any church ministry. Available at: https://wmu.com/leadership-development/cwlc/

UISBC women have more than similar interests and concerns (as described in the network definition), we have the same Lord and Savior. It is our desire to form connections and partnerships to best meet the needs of women in our churches and assist them as we grow and together reach out to the lost in our communities, nation, and world.
